

DINESH K

PROFILE

I'm looking for an exciting job in a dynamic environment where I can use my skills to help both the company and myself succeed and grow together.

EDUCATION

B.E - CSE

Kongu Engineering College, Perundurai | CGPA **7.93**

HSC

Sri Krishna Matric Higher Secondary School | Secured **92.82%**

SSLC

Sri Krishna Matric Higher Secondary School | Secured **90.2%**

PROJECTS

• CHAT APPLICATION | REACTJS, FIREBASE

Created a real-time chat application in React with Firebase backend for seamless instant messaging functionality.

• KEC - Hall Booking | MERN

Developed a user-friendly Hall Booking System, facilitating seamless cross-user accessibility for efficient hall reservations and inclusive campus utilization by students and staff.

• MEDIBOT (Medicinal Leaf Detector) | FLUTTER

Created a Flutter application chatbot for Leaf Detection. Training a high-precision CNN machine learning model with a 96% accuracy.

• SUPERMARKET BILLING SOFTWARE | HTML, Nodejs

I developed supermarket billing software using HTML, CSS, and Node.js for efficient checkout.

• ECOMMERCE SITE | WORDPRESS

Created product pages, shopping cart and checkout process using WordPress plugins. Customized the site's appearance and layout using WordPress themes and CSS.

AWARDS AND EXCELLENCE

- SIH (2023) secured 2nd prize at Internal Hackathon | KEC
- KEC Hall-Booking Secured 1st prize at E-Horizon | KEC
- Event Management KMC | KEC
- VOLUNTEER | NSS
